"Let's Hear Saily"

One night at Malfaya (Hell Fire)
Pass, tired British soldiers gathered around a radio after supper. A signalman tuned in a BBC program. It was a boresome discourse by a Mr. Heathstone Witherington, or somebody with a like name, on Dahlia culture in Kensington.

"Hell, Jock," a highlander growled, "Let's hear Axis Saily."

Jock spun the dials and in a few moments the soft, pulsing strains of an American melody floated across the desert.

When the music ended, a throaty woman's voice whispered words intended to stir longing and desire and homesickness in the hearts of those who listened. The voice talked of home and wives and sweethearts—and how foolish it was to fight the Germans.

It was a voice that tried to seduce and break the hard spirit of the desert rats so far from home.

They Liked Saily
Oh, they liked Axis Saily—those tough men of the desert. They liked her American brand of music and her warm voice that made them forget for a moment the cold

sic and her warm voice that made them forget for a moment the cold winds of the desert night—just be-cause it was feminine. But they laughed at Sally's com-

merclais—the sloppy merchandise she tried to sell them. And now they tell us Axis Sally is no glamor-gal at all. The government says she is Am-erican-born Mildred Elizabeth Gil-

lars—a tired-looking, graying wo-man of ordinary figure and feat-ures who is nearing the half-cen-tury mark in age.

If Mildred Elizabeth Gillars is Axis Sally—then a lot of men around the world are going to and down that mental pin-up picture.

AUSTIN, Aug. 26-(Spl)-The Texas State Department of Health Texas State Department of Health cannot maintain daily inspection of all eating places and the public is urged by Dr. Geo. W. He urged milk appraisal by the patrons also. Texas law requires that a milk bottle cap state the grade of milk, and whether it is raw or pasteurized. The fleet, low-slung lines of the Jeepster tell you in advance:

"Here is a companion for carefree moments."

Come, sit under the wheel, and deny if you can the desire to roam new roads with the Jeepster. Take off from the crowded highway, the mob is not for you. Seek the unspoiled spots and strange scenes.

Go with the wind, commanding the power of the mighty 'Jeep' engine, And soon, you'll settle back in the seat with a smile ... For this is fun.

If you're headed for the shore, the mountains, or a brisk turn on the boulevard, your spirits will run high with the Jeepster.

Vacation journey or workaday errand alike are less tiring, because there's lift to your spirits.

Leave the more formal cars to more formal people. You'll drive the Jeepster for the sheer joy of driving, of going somewhere, with laughter in your heart and a song on your lips.

Willys-Overland Motors, Makers of America's Most Useful Vehicles, through its distributors and dealers, invites you to preview this unusual sports phaeton named the Jeepster in honor of its famous forebear. Here is a truly unusual motor car. Its low center of gravity makes it a great "road" car... Its low silhouette stems from advanced international styling...

Its low operating costs are due to the 'Jeep' engine...It's the most talked-of car of the year. Meet the Jeepster today. FIRST SHOWING:

## A Daring Layman Who Stood Sponsor For An Ex-Persecutor

High Drama in Old Damascus—Saul, the Emissary of Hate, Gets His Sight Back and is Baptized as a Christian-The Other Ananias

By WILLIAM T ELLIS and EARL L. DOUGLASS

History's most notorious liar, a man whose name persists to this day as a synonym for deceit, because he tried to cheat the Christian treasury out of the dues he had promised, comes first to mind as we take up this week's study of a man named Ananias. It is good to know that there is another Ananias, the disciple at Damascus, who restored Saul's sight and sponsored him as a brother in the Christian fellowship.

In passing, we remind ourselves that there is always another Ananias, a good man, a brave man, to counteract the influence of the deccitful hypocrite. We talk much about juvenile delinquency, and not enough about the magnificient array of attractive, competent and outspoken young men and women who are today serving the world.

There is a streak in human nature width leading to this constitute of what God make the absolute best of what God made.

who are today serving the world.

There is a streak in human nature which leads us to emphasize the wicked Ananias and overlook the hero. Doubtless, to many readers of the day's lesson, this Ananias is a strange and unfamiliar figure. We need to remind ourselves constantly that there are more good Ananiases in the world than bad; more noble patroits and idealists and Christians than there are delinquents.

In modern Church life we catch glimpses of the Ananias type of layman who are ready for any advance in the cause of their Master. Let's forget the lying Ananias of Jerusalem and fix our meditations upon the Ananias of Damascus, whose name is forever linked with the romantic conversion of the Apostle Paul.
